

# BAVET – Stage Social Media & Content Creation

## Looking for ?

At BAVET, we serve more than just spaghetti à la Belge; we serve saucy experiences. And we're growing, not just in our restaurants, but also in supermarkets with our BAVET Rollet sauces. To help us dominate TikTok & Instagram, we are looking for a creative Content Creation intern who knows how to grab attention.

**Feel like 'Hey, this is me!'?**

**Here's what we expect from you:**

- **Viral Content:** You brainstorm, shoot & edit thumb-stopping content (TikToks, Reels) that makes our friends hungry.
- **Restaurants & Retail:** One day you're capturing a saucy food-porn shot in our restaurant, the next you're creating a content strategy to make the BAVET Rollet fly off supermarket shelves.
- **Strategy:** You don't just post; you know exactly which trends to hop on and how to build an active community.

## Who are we looking for:

- You are ideally studying **Content Creation**, Media or Marketing.

- You practically live on TikTok/Instagram and know your way around editing tools.
- You are mobile and flexible. You'll be shooting on location and occasionally hitting our HQ in Sint-Martens-Latem.
- You love spaghetti (duh)!

## What's in it for you?

- **Flexibility:** Days or hours per week? We're flexible. Your motivation & *goesting* are what matter most!
- **Hybrid setup:** Plenty of freedom to shoot on location, mixed with office or remote days.
- Real responsibility & yes... a lot of free spaghetti!
